

# Prime Academia Spring School 2018

March 26 (Mon) ~ 30 (Fri), 2018

10:00~10:50 (Project)  
11:00~11:50 (Project)  
11:50~12:15 Lunch Time  
12:15~13:05 Reading  
13:10~14:00 Writing

## How Many Bones Are in the Human Body?

Come and take a closer look at what goes on inside living things! Investigate how plants and animals are alike and different! Learn about how the human body works and how it defends itself! Run experiments to measure and compare how much air your lungs can hold. Find out how many bones are in the human body and much, much more!
